

Expression of Interest (EOI)

FIXED BASED OPERATION FOR GENERAL AVIATION AIRCRAFT LYNDEN PINDLING INTERNATIONAL AIRPORT

Nassau Airport Development Company is seeking EOIs from qualified proponents to design, build, finance and operate a Fixed Based Operation (FBO) for General Aviation Aircraft at Lynden Pindling International Airport (LPIA).

Qualifications:

Interested proponents should be from entities who directly or via a joint venture have at least 10 to 15 years of experience in the successful development and operation of an FBO and aircraft maintenance facility.

Interested proponents must have the affiliations, business development and marketing expertise to expand the FBO market at LPIA.

NAD's Goal is to:

1. Understand the current availability, capabilities and preferences of potential Proponents to Design, Build, Finance & Operate (DBFO) a best-in-class Fixed Base Operation (FBO) at LPIA.

A detailed and confidential **Expression of Interest Document** for the above is available for distribution to potential proponents via email by contacting Mr. Dexter Bodie, Manager, Commercial Business Development at LPIAEOI@nas.bs.

Submissions in response to this EOI are to be received no later than **3:00 PM EST on Friday, May 29, 2020**. After reviewing responses, NAD may request additional information or may schedule individual meetings with any respondent to gain additional information about the expression of interest.
