

Seven Summer 2021 Travel Tips

1.

Arrive at the airport 3 to 3.5 hours prior to your scheduled flight departure time.

2.

Whether you are vaccinated or not, a negative COVID-19 test result and completed Attestation form is needed for all persons travelling to the United States. This will be required for check in with your airline and tests should be completed prior to arrival at the airport.

Visit www.nassaulpia.com for forms and more details.

3.

Checked luggage should be taken to your airline counter. Very Important: Please remove old luggage tags prior to placing a new luggage tag for your destination.

Once you present your checked bag(s) to your airline, an image of your bag(s) will appear on the airline counter video screen to confirm each bag is checked in for your flight.

4.

After check-in, passengers may be directed by an airport ambassador to the airport's Summer Garden Lounge prior to proceeding to airport security screening and United States Customs for processing.

The lounge is a beautiful and comfortable outdoor space with amenities like food and beverage, WIFI, entertainment and limited shopping.

5.

Passengers should have their passport and boarding pass available to enter the security screening process. Please remove jackets, belts, and shoes; empty pockets and remove laptops and electronics from carry-on luggage.

6.

As LPIA is a US Pre-Clearance facility, each passenger will undergo inspection by a United States Customs & Border Protection Officer prior to leaving Nassau.

Family members living in the same household can be inspected together. Passengers departing Nassau will not have to clear US customs upon arrival in the United States.

7.

After inspection by US Customs, passengers may proceed to their airline gate or enjoy the shopping and dining amenities available in the U.S. Departures Lounge.

All gates are within a three-minute walk from anywhere in the Departure Lounge.
