Traveling and going on adventures is exciting! Airports are busy places so it's important that you stay with your family.

Before going on the airplane, you will have to check-in for your flight. You will need to show your passport and you will get your plane ticket.

You may also have to put your bag on a moving belt.

Once you've checked in, you'll have to wait in line to go through security.

☐ The screening officer will check your passport and your ticket. You will have to take off your bag, jacket and maybe your shoes so that they can pass through the x-ray machine.
